Getting to know us

Debbie Stacks

Tell us about yourself? I've been married for 34 years to Don. We have one son Patrick, then we have the greatest joy in my life, my grandson Kyle (no, he is not spoiled!! HA!!) I was born and raised in Austin so everywhere I go I know someone or they are family. We've lived in the small town of Liberty Hill, TX for the last 8 years. This is where my husband's family is from. I'm a country girl at heart, so enjoy our 17 acres of undeveloped land where we can watch the deer and road runners from our deck.

What's your favorite movie? The Notebook (I like to think that love can be that deep).

What do you like to do when not at TAGA? When I'm not at TAGA I like entertaining at home. I love to cook and I love people to enjoy my cooking. I'm always watching Paula Dean for new ideas or I just try my own (recipes). We have a group of friends that I experiment on. When we bought our home I received a large outdoor BBQ pit and I'm the cook. I love firing it up and putting ever kind of meat or vegetables that I can on it.

What food is always in the refrigerator? Diet Coke

If you were an animal what would you be and why? A wolf, they are beautiful but dangerous and there is a mystic magic about them.

Other likes and hobbies: Fishing, hunting and gambling. I love almost all types of crafts from flower arrangements to decorating a room.

Jenny O'Brien

Tell us about yourself? I joined TAGA as a commercial lines assistant last March. I have recently relocated from Northern California, where I worked as a personal lines underwriter for Unitrin.

What's your favorite movie? Analyze This.

What do you like to do when not at TAGA? Spend time with family, friends, read, work out, cook and shop!

What food is always in the refrigerator? Yogurt and beer.

If you were an animal what would you be? Dog because they are so adorable.

Other likes and hobbies: Making candles and soaps.
